"IF YOUR BUSINESS IS NOT ON THE  
INTERNET, THEN YOUR BUSINESS  
WILL BE OUT OF BUSINESS"

## DIPESH SEJPAL

A dynamic personality with a dream to deliver tech solutions, is the CEO of Inventif Web. He is the man behind the computer, running the show and pulling the strings. For him not only creation matters but the quality of the work that can be admired and talked about also matters.

Dipesh's mission is to push the limits and bend the rules to create something extraordinary and different that suits the taste of the clients. With this goal in mind he founded Inventif Web in 2009 and as they say rest is all history.

“SELL THE **PROBLEM** YOU SOLVE,  
NOT THE **PRODUCT**”

## RAHUL MITTAL

“Creating online presence is as essential to a business as is the initial investment.” Website development, online content creation and establishing an empowering digital presence has been my forte ever since Internet Explorer ruled the browser market. With a sharp understanding of creating bespoke online entities to showcase businesses around the world, my zest for pushing businesses to increase their online business was utilized most effectively in providing comprehensive web-based online solutions.

HOP  
HORN OK PLEASE  
THE MUMBAI HOSTEL

We are HORN OK PLEASE.  
A backpacker's hostel in Mumbai.  
For travellers, not tourists!

We're not your 'dream luxury vacation get-away' hostel because dreams aren't real, luxury is overrated and we don't believe in getting away. We believe in diving in deep putting you in the thick of things, giving you in on the inside networks. We want you to make memories and new friends, at least 52 new ones. We want you to get your teeth into the meatiest, juiciest bits of Mumbai, not feel like you've been thrown scraps. We'll help you leave satisfied and with a part of Mumbai safely embedded in your soul.

#### ABOUT US

We are located in the centre of the city, 20 mins from international and domestic Airport, 5 mins walk from Bandra Station.

"WE DO THIS  
BECAUSE WE LOVE IT"

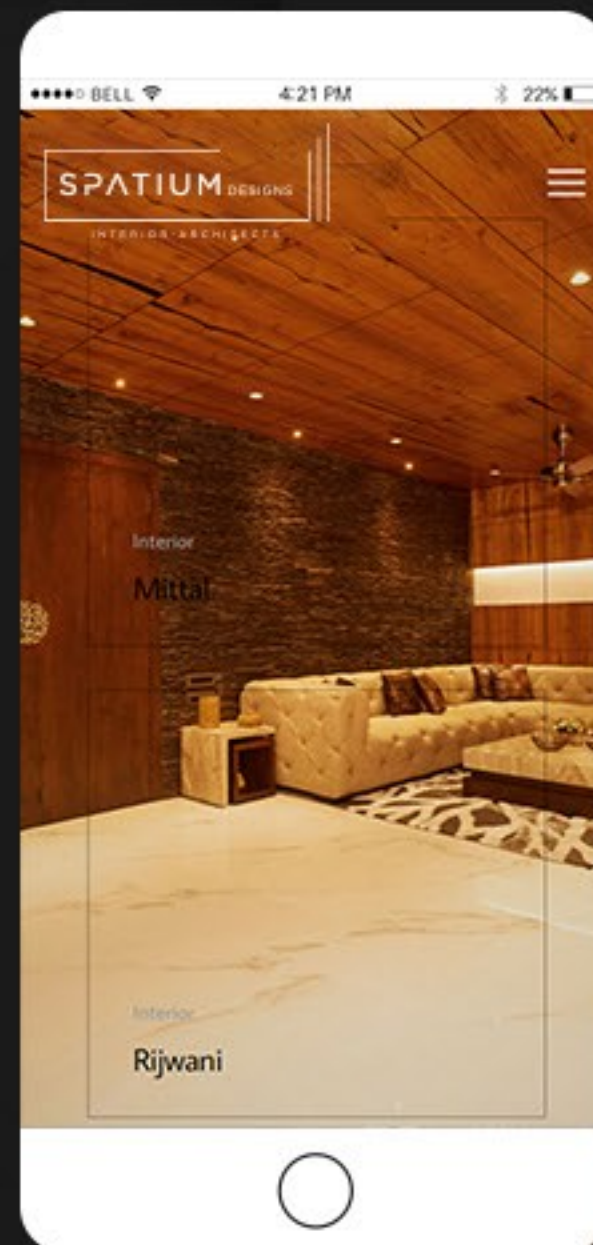

The Spatium is a small controlled practice. We're interested in an intimate relationship with our studio, our team, our collaborators, our models, drawings, visualizations, products, buildings and our clients. We do this because we love it. We sense displacement, we respect questioning and constructive criticism on all the projects. We don't know how to run our studio any other way.

The screenshot displays the Su-Kam website interface. At the top, the navigation bar includes links for HOME, ABOUT US, POWER SOLUTIONS, CORE STRENGTHS, DEALER, SUPPORT & SERVICE, GLOBAL, and CONTACT US. A 'Global Brand' section features a world map and text stating 'Our products reach lacs of people in more than 70 countries worldwide'. Below this, a row of product categories is shown: INVERTERS / UPS, SOLAR SOLUTIONS, TROLLEYS FOR BATTERIES, and CUSTOMIZED SOLUTIONS. The main content area highlights 'SU-KAM POWER SYSTEMS LTD' with a focus on helping users make the most of their energy efficiently and cost-effectively. It includes a 'How Su-Kam Can Help You' section with bullet points about saving energy, generating solar energy, and providing power backup solutions. A 'Tubular Series (25AH - 200AH)' section describes the reliability of their tubular batteries. A 'Trolleys for Batteries' section emphasizes safety and protection. A 'Battery Chargers' section mentions high-frequency SMPS-based chargers. A 'Lead Acid Batteries (50AH TO 220AH)' section describes their use in backup power systems. The footer contains a 'CERTIFICATION AND AWARDS' section with logos for CE, IEC 61215, ISO 14001:2004, and OAPI. It also lists 'POWER SOLUTIONS' (Inverters/UPS, Solar Solutions, Online UPS, Batteries & Trolleys, Led Lighting, Power Accessories, Customized Solutions) and 'SUPPORT & SERVICE' (Dealer Locator, Service Centres, Power Calculator, Product Registration, Online Complaints/Feedback, Login, Employee Login, Site Map). Social media links for Facebook, LinkedIn, Twitter, and YouTube are provided, along with a 'FOLLOW US' section for @Su\_Kam and @sukam\_solar.

**Tubular Series (25AH - 200AH)**  
Su-Kam's tubular batteries are highly reliable as compared to normal flat plate batteries. They are designed and built for performing consistently under any kind of condition making it suitable for sensitive and heavy applications. Equipped with features like Faster charging, low maintenance and longer standby life Su-Kam's tubular battery series makes just the perfect fit for your uses.  
Check out Su-Kam's Tubular battery series.

**Trolleys for Batteries**  
It is very important to keep battery safe in a trolley protect yourself against leakage of acid from batteries. Choose from Su-Kam's range of battery trolleys that are made from highest quality plastic and are suitable for all conditions.

**Battery Chargers**  
Use Su-Kam's high frequency SMPS based chargers to charge tubular, LA or SMF batteries. This compact light in weight chargers have been designed to enhance your battery life making them highly efficient.

**Lead Acid Batteries (50AH TO 220AH)**  
Lead acid batteries are widely used for storage in back up power supplies and stand-alone systems. Along with excellent charge acceptance that is it can withstand high currents, Su-Kam's lead acid batteries are also in-built with protection against leakage and corrosion. They have also been made water topping owing to its large size.

**SU-KAM POWER SYSTEMS LTD**
